

Be Holy

*Be Holy, as I am Holy instructs our God
He could do it by using the rod
He chooses to refine us in His own special way
Sometimes we cry out to Him, please no more today
Each time, we become more like Him
As He forgives us and peels away our sin
The cleansing process is an ongoing thing
With each process the closer He'll bring
We are like a diamond in the ruff
Made of a hard rough stuff
We go through a rigid process day by day
The old self slowly passes away
Allow God to purify you
It may take a day, or a year or two
Keep our bodies and mind as pure as we can
We will be tested until our life comes to an end.*
